• Programming: JavaScript, C++, Python

• Tools: Visual Studio Code, Git & GitHub, Postman

• Soft Skills: Problem Solving, Communication, Continuous Learning

• Other Skills: MySQL, OOPS, Computer Networks, Regex

EXPERIENCE

Web Developer Intern (GolokaIT | June 2024 – September 2024)

• Developed a responsive and user-friendly frontend for a client application using ReactJS.

• Collaborated with the development team to understand project requirements and implement functional solutions.

• Used Git for version control and followed Agile methodologies for task management and project updates.

PROJECTS

Quiz Forms Web App - Demo

  • Created a drag-and-drop quiz form builder with advanced question types.

  • Integrated authentication and OTP validation for security.

  • Enabled seamless form sharing and response collection with real-time updates.

Find Your Player- Demo

  • Built an online cricket database with 10,000+ players from the 1800s to today.

  • Designed an intuitive search with filters for age and performance.

  • Developed using ReactJS.

TodoList Web App – Demo

  • Full-stack ReactJs, NodeJs, ExpressJs To-Do app with authentication.

  • Features CRUD operations, real-time search, filtering, and sorting.

  • Optimized for performance with efficient state management and API handling.
